## About Freeway Medical and the Essentials Range 2018/19 Update

With new products being developed all the time we felt it necessary to re-introduce our 'Essentials Range' line of competitively priced everyday equipment. All items are priced for easy budgeting and product comparisons. Just get in touch to place your order!

Freeway Medical has been supplying high quality medical trolleys to the NHS and private sector through market leading companies for over 25 years.

Since 1998 we have been supplying the NHS and private sector direct which has allowed us to improve on the quality of our products whilst offering them at a more competitive price.

With direct communication from manufacturer to you our customer it has allowed us to offer bespoke designs to suit your specific requirements at better value to you.

### NHS Supply Chain

To streamline the procurement process, particularly where higher volume orders or tenders are required, the majority of our Essentials Range are available through the 'NHS Supply Chain' under the following contract framework agreement:

**Medical Furniture and Equipment:** Contract Number – AA123678

For more info: [www.supplychain.nhs.uk](http://www.supplychain.nhs.uk)

### NHS Shared Business Services

The UK's leading provider of business support services to the NHS in England working with over a third of NHS Trusts, 100% of the NHS Commissioning organisations and NHS Provider organisations.

"Helping the NHS to save money and enhance quality so that the NHS can improve health, innovate to save lives and deliver better outcomes with care and compassion"

# DRIP POLES

Cost effective IV & infusion pump roll stands. The base design enables the unit to carry a great volume of pumps and IV fluids, yet retaining stability. Available in a vast range of colour choice to help you colour code your bed spaces easily and effectively.

### I.V. Hook options - 2 or 4

Choose from either dual or quad hook pole options.

### Height Adjustable

Quickly adjust the height of the pole to meet your needs and environment. Adjust and secure it in place in a matter of seconds.

### Any colour available

Colour code your equipment for easy ward identification or simply to match existing equipment.

### Pumps easily attached

Third party electronic equipment easily attaches to the main body of the drip pole.

### Stable Solid Base

High quality, durable no-tip base makes manoeuvring the drip pole safe and easy.

### High Performance Castors

A triple sealed bearing reduces the impact of dust build up and will provide an easy to manoeuvre product year after year. Complete with 2 braked castors.

### FW8000 Drip Pole - 2 hook

List Price	Discount Price (exVAT)

### FW8002 Drip Pole - 4 hook

List Price	Discount Price (exVAT)
£ POA	£ POA

stainless steel

Remember, all products in this catalogue are available via the NHS Supply Chain or NHS Shared Business Services!

Choose your colour base!

## FW8004

### Infusion pump stand

The stainless steel upgrade still benefits from the low centre of gravity base and can be colour coded, but has the added benefit of the additional durability of a Stainless steel post to which the pumps attach, for increased cosmetics when attaching Pumps to the upright throughout the life of the product.

### FW8004 Infusion pump stand - 2 hook

List Price	Discount Price (exVAT)
£ POA	£ POA

### FW8005 Infusion pump stand - 4 hook

List Price	Discount Price (exVAT)
£ POA	£ POA

### FW8000

Colour coding options, to make ward identification even easier we have hundreds of colour choices available, all as equally easy to clean, and allows you to tailor the standard units to your own needs.

- ✓ Quick and easy pole height adjustment.
- ✓ Solid no-tip base that's also easy-to-clean

Choose your colour

# PATIENT OVERBED TABLE

Freeway Medical are proud to introduce its patient table range. There are a range of base styles available to suit over bed use or designs optimised for bed side chair options. The units can be supplied with either high quality swivel castors or on a fixed stable glide system to restrict movement.

### Easy Clean Work Surfaces

Very hard wearing and easy to clean surface made from Trespa® – No wood laminates.

### Easy Clean Paint Finishes

Supplied coated in Nylon modified Polyester providing a glossy easy to clean painted finish that gives a highly durable finish.

### Quick and Easy Height Adjustment

Height adjustment from 72cm to 110cm. Anti-trapping safety feature.

### Work Surfaces and Paint Finishes

With hundreds of colour combinations available the unit can be custom made to match existing colour combinations with various wood finishes and paint colours.

### Easy Clean Castors

High quality easy to clean castors. All braked units excellent manoeuvrability.

### Single-arm Base Design

Design allows for easy use for over bed or bedside chairs.

- ✓ Height Adjustment from 72 to 110cm
- ✓ Work Surface in Durable TRESPA®

- ✓ Anti-trapping Safety feature
- ✓ Supplied Fully Assembled

## **i** In more detail...

As with all of freeway medical's products the table range can all be custom designed and tailored exactly to your individual needs, the paint finishes and work surfaces can be coordinated to suit nearly any colour and can be exactly matched to our bedside locker range to provide a cohesive aesthetic on the ward or even provide an easily identifiable colour location scheme to allow staff to recognise certain equipment to certain wards or particular ward areas.

Versatile.  
Customisable.  
Reliable.

**FREEWAY** Medical  
Your Concept is our Creation...

## OPTIONAL EXTRA

### Coloured Bump Protection.

Every Over patient table can be fitted with this option coloured bump protection unit.

It is a highly cost effective way to colour code the bed space or wards, and can be replaced or swapped at a later date to change the colour if required, without having to change the entire

The cover also provides a great replaceable bump protection to protect the upright from damage against the side of the bed over years of use, and can greatly reduce the potential for damage of the main unit, increasing it's usable life.

#### Bump Cover only
